

Waste 101: Workshop & Tour

Date: Wednesday, **28 March 2018**
Time: 8:30am – 5:00pm (Registration from 8:00am)
Venue: Departs WALGA, 170 Railway Parade, West Leederville
Cost: \$250.00 (includes lunch; morning and afternoon tea; and GST)

ABOUT WASTE 101

This workshop and tour is an opportunity to cram a day full of different waste experiences – whether you're new to the industry or just need a bit of a refresher course. Perfect for Local Government Elected Members who want a solid understanding a waste management issues.

Too many acronyms in the waste industry? Don't worry – all will be revealed over the course of the day! The tour starts with a workshop at the Mindarie Regional Councils' (MRC) waste education centre – which will ensure you're full bottle on PET and HDPE and know your WAWA from your DWER.

After the workshop, attendees will have the opportunity for a behind the scenes tour of the Tamala Park Landfill. This will be followed by a tour of the MRC Resource Recovery Facility, to see how household waste is turned into compost! The day will be topped off with a tour of Cleanaway's new Material Recovery Facility (MRF).
